Els Àngels riuen (The Angels laugh), are a troop of rebellious creatures. Little great geniuses, loaded with a big dose of **good Fury**, which allows them to resist the **Saudade**. Some say that **Memory is dying**. Others like to be in their **Home refuge**, even if sometimes they would also like to flee it. There's one who thinks he's a **Stray Bullet**. There are those who, after falling, stick their horns out, bar their teeth and laugh. Some may even feel like **The masters of the Universe**. The oldest of all, does not want us to forget, that you, **Are a beast!** And even though the world seems to be getting **Very Mad**, we will always, always have the antidote, **Humor**.

LAUGH!

L'humor és l'anarquia que triomfa per uns breus instants. -**Quimi Portet**-
(Humor is anarchy that triumphs for a few brief moments.)
